Any non-conformance must be reported in writing to Seller within Thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The Seller's liability under this warranty is limited in amount to the purchase price of the product. This warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.

APPLICATION RECOMMENDATIONS

To maintain optimum pH and growing conditions, apply 5 - 10 pounds per 1,000 ft² or 500 pounds per acre (560 kg/ha) at least twice per growing season or as needed. Soil test recommendations should be used to determine liming needs.

To adjust pH, apply 10 pounds per 1,000 ft² or 500 pounds per acre (560 kg/ha). In most soils this will raise the soil pH up to one full point. Retest and if needed, reapply at the pH adjustment rate.
