

AQM[®]

Kelp Extract with Soil Wetting Agents

Promotes stronger, deeper root growth with biologically active kelp extracts rich in natural cytokinins and auxins.

Enhances plant vigor, color, and stress tolerance by improving antioxidant activity and photosynthetic efficiency.

Improves water movement and nutrient distribution throughout the soil profile for consistent, healthy turf performance.

GENERAL INFORMATION

AQM is a combination of kelp extracts and soil wetting agents designed to encourage root development, relieve water deficit stress, and improve root zone hydration. AQM is easy to use and will not harm turf when used in accordance with product directions. When used as directed, AQM can be applied at anytime of the year to increase the vigorous appearance of turfgrass. AQM is safe to turf when used as recommended.

CONDITIONS OF SALE WARRANTY AND LIMITATION OF LIABILITY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

HAZARD STATEMENT(S)

The product is not classified as hazardous. No known significant effects or critical hazards.

PRECAUTIONARY STATEMENT(S)

Keep out of reach of children. Read label before use. In case of eye contact, flush eyes with water. If swallowed, give water or milk. If eye or skin irritation occurs or you feel unwell, get medical advice/attention.

CONTAINS NON-PLANT FOOD INGREDIENTS:

Active Ingredient

- 10% Non-ionic polyols
- 1% Kelp (Microbe Food)
- 89% Inert ingredients

DIRECTIONS FOR USE

Golf, Lawns, and Sports Turf

Apply 3 ounces per 1,000 ft² in 1 to 2 gallons of water (10 L/ha in 400 to 800 L) at 30 to 45 day intervals or as needed. Irrigate after each application to remove the surfactant from the plant surfaces.

Inject 1 gallon per acre (10 L/ha) at 30 to 45 day intervals or as needed.

Horticulture

2 to 3 weeks after germination or transplant, apply 3 ounces per 1,000 ft² in 1 to 2 gallons of water (10 L/ha in 400 to 800 L). Apply a follow-up application at bloom set. Irrigate after each application to remove the surfactant from the plant surfaces.

Sod Installation

Immediately following sod installation, apply 3 ounces per 1,000 ft² in 1 gallon of water (10 L/ha in 400 L). Follow up with normal turf program. Irrigate after each application to remove the surfactant from the plant surfaces.

DO NOT combine AQM in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.

AQUA-AID GUARANTEE

AQM comes with a 100% money back guarantee. If you are not satisfied with AQM for any reason after trying the product at recommended rates, AQUA-AID Solutions will refund your money in full.
