

# Acidi·pHlow™

Acidifying Infiltration Agent

Combines advanced wetting agents with unique acidifying chemistry to improve water infiltration and soil performance.

Reduces bicarbonates and sodium while enhancing nutrient availability and soil moisture uniformity.

Lowers pH and improves irrigation water quality, promoting healthier, more resilient turf.

# Acidi•pHlow™

## GENERAL INFORMATION

Acidi-pHlow is a blend of AQUA-AID® soil wetting agents combined with a unique blend of acidifying agents. Acidi-pHlow is designed to enhance the penetration and infiltration of applied water through irrigation systems while also lowering the pH of applied water. Acidi-pHlow is compatible with all conventional irrigation systems or ground spray equipment. Follow instructions and technical information from equipment manufacturers. Acidi-pHlow will not harm turfgrass when used according to label directions.

## AQUA-AID GUARANTEE

Acidi-pHlow comes with a 100% money back guarantee. If you are not satisfied with Acidi-pHlow for any reason after trying the product at recommended rates, AQUA-AID Solutions will refund your money in full.

## CONTAINS NON-PLANT FOOD INGREDIENTS:

### Active Ingredients

- 15.5% Non-ionic polyols
- 6.0% Hydrochloric acid (corrosion inhibited)
- 6.0% Phosphoric acid (corrosion inhibited)
- 72.5% Inert ingredients

## AGITATE OR SHAKE WELL BEFORE USE

### DIRECTIONS FOR USE

#### *Golf, Lawns, and Sports Turf*

**Spray:** Apply 1 to 1.5 ounces per 1,000 ft<sup>2</sup> in 2 gallons of water (3 to 5 L/ha in 800 L) at 30 day intervals or as needed. Irrigate with sufficient water to deliver Acidi-pHlow to the soil profile - 1/8 inch (3 mm) or more recommended.

**Injection:** 1 gallon per 50,000 gallons (1 L per 50,000 L) of irrigation, as a guideline depending upon water quality, irrigation usage, and weather/rainfall conditions.

**Overseeding:** Apply 2 quarts per acre (5 L/ha) one week prior to overseeding. Immediately follow overseeding with a second application at 2 quarts per acre (5 L/ha). Irrigate after each application to remove the surfactant from the plant surfaces.

DO NOT combine Acidi-pHlow in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.

### CONDITIONS OF SALE

### WARRANTY AND LIMITATION OF LIABILITY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
