PBS150[®] INJ

Injectable Multi-Branched Long-Term Surfactant

Published research shows PBS150 can reduce water use by up to 39%, while supporting faster recovery and healthier turf.

PBS150 provides 6 to 8 times the number of active contact sites over leading surfactant keeps soils uniformly hydrated for months.

It reduces water repellency, restores consistent infiltration, and strengthens turf through heat and stress.

PBS150[®] INJ

GENERAL INFORMATION

PBS 150 INJ is an injectable long-term soil surfactant formulated to provide a sustainable uniform soil moisture profile with extended soil re-hydration. PBS 150 INJ is easy to use and will not harm turf when used in accordance with product directions. When used as directed, PBS 150 INJ can be applied at anytime of the year when water repellency and/or localized dry spots impact the vigorous appearance of turfgrass.

CONDITIONS OF SALE WARRANTY AND LIMITATION OF LIABILITY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

PBS 150 INJ comes with a 100% money back guarantee. If you are not satisfied with PBS 150 INJ for any reason after trying the product at recommended rates, AQUA-AID Solutions will refund your money in full.
